SEASON OF GIVING

HELP PROVIDE FREE SCIENCE EDUCATION TO YOUR COMMUNITY!

As we move swiftly through the fall, we once again approach the season of giving. On November 29th, we are coming together with the global community to unleash generosity through [GivingTuesday](#). There are many ways you can support Nature Vision this season. You can share our posts on social media ([@naturevisionorg](#)), tell your friends and family about us, or start a donation drive for Nature Vision via your own social media page! Donations support our team in providing environmental education to our communities. A holiday donation to Nature Vision can be one step towards building a more sustainable future. Together we give.

[DONATE](#) TO SUPPORT ENVIRONMENTAL EDUCATION PROGRAMMING!

STAFF SPOTLIGHT

MEET DANDY

As an Educator, Dandy always brings an incredible sense of joy and wonder to every program they teach - and they teach a lot! Dandy is also a Program Coordinator for [Blue Teams](#), a program series which involves students in hands-on [Community Science](#) and Restoration projects! Dandy's dedication to students and compassion for people and the environment makes them a pleasure to work with in the office and the classroom. For more information on Blue Teams, email Dandy at ffthornburgh@naturevision.org.

PRESCHOOL CORNER

MEET TEACHERS KATHRYN & MELISSA

We're a month into the school year at the [Nature Vision Preschool](#), and we've already had so much fun! Between spending time in the garden and exploring the forest, our young learners have experienced nature in a whole new way. Ms. Kathryn and Ms. Melissa both love the outdoors, and they bring that enthusiasm and knowledge to our preschoolers every single day. The future is looking bright, and we're all excited to see what comes next!

FREE SCIENCE ENRICHMENT!

Register now for our Fall and Winter programs! A list of our free programs per city or water district funder can be found at naturevision.org/free-programs-for-schools.

To find free programs for your K-12 class or for registration help, please email info@naturevision.org.
